

Dear colleagues! Dear friends!

The organizing Committee of the Russian-Israel Symposium considered at its meeting the timing of the anniversary V Symposium based on proposals of the organizers, sponsors and medical community.

It was decided to hold the V Russian-Israel Symposium on June 08-14, 2019.

The Symposium this year as well as the previous ones will be held during the famous "White Nights" in one of the most beautiful cities of the world – Saint-Petersburg.

We are very glad to invite you to take part in the anniversary V Russian-Israel Symposium!

The Russian-Israel Symposium was launched together by me and my Israel colleague Doctor S. Shapiro, the chairman of the Saint-Petersburg's Information Business Center in Israel. From the very first Symposium leading specialists of Israel university hospitals have been taking part in the event: prof. M. Zaarur, prof. N. Caspi, Dr. A. Bruskin, Dr. I. Melamed, prof. Y. Kluger, prof. S. Spector, Dr. E. Machamid, prof. N. Shshade, Dr. G. Mozes, Dr. V. Tulchinsky, Dr. V. Benkovich, Dr. B. Bernfeld, Dr. Ran Yalom and many other experts of high-qualification both from Israel and Russia.

Our Symposium has always been a platform for experience exchange as well as for friendship and mutual understanding despite the language difference. From the first hour or even minute of our first meeting the language barrier was broken.

Regardless of the official name of the Symposium, it is also attended by doctors and scientists from Germany, Lithuania, Finland, Sweden, Belarus, Italy, Kazakhstan and others.

We propose to carry on sections and workshops on various areas of medicine and healthcare: ophthalmology, family medicine, dentistry and maxillofacial surgery, urology (oncurology), gynecology (oncogynecology), and also a separate section for nurses and others.

Practicing physicians, researchers, medical service providers, medical products and equipment manufacturers will realize their interests participating in the V Russian-Israel Symposium which will take place at the Federal State Budgetary Institute "The Nikiforov Russian Center of Emergency and Radiation Medicine" EMERCOM of Russia (Saint-Petersburg) on June 08th-14th, 2019. Our Symposium has grown during the last years into an internationally recognized event and we expect it to become for several days a unique platform for discussion and searching opportunities for mutually beneficial cooperation between specialists from all over the world.

Any questions on the participation in the Symposium may be addressed to the co-chairman of the Symposium Doctor S. Shapiro, the chairman of the Saint-Petersburg's Information Business Center in Israel, e-mail: ibc.spb.haifa@gmail.com, tel.: 0544486559; or to me via the Department for the International Cooperation, e-mail: nrcerm2207@mail.ru, tel.: 8 (812) 702-63-45 ext. 2207

We kindly ask you to send your abstracts no later May 15th, 2019.

The detailed letters on sections work will be sent later. Preliminary program of the Symposium you can find in Appendix No.2.

Participants and their family members will be offered at least 6 excursions to the most famous places of our beautiful city and will have the opportunity to visit opera and ballet performances.

Look forward to seeing you, your colleagues, friends and family in Saint-Petersburg!

President of the Russian-Israel Symposium
Director, NRCERM, EMERCOM of Russia
Honored Doctor of Russia
Dr. Med. Sc., Professor
Head Doctor of EMERCOM of Russia

S. Aleksanin
